# **ANNUAL PROGRESS REPORT**

**FY 2019-20**

## ATMA SANDESH

The SMAE/ATMA Programme of the Govt. of India is a bold initiative in this direction. This has achieved success due to active participation of farmers and planning of programme based on farmer's needs & perceptions. ATMA Model is based on Strategic Research and Extension Plan (SREP) involving farmers as partners in the programme planning and its Execution. Transfer of improved farm technologies at a faster pace for adoption will need concerted and mission mode efforts. ATMA, Giridih has facilitated farmer's acceptance of new innovations in the Agriculture sector through training and motivation involving a participatory approach.

The Giridih district of Jharkhand has also focus on agricultural development to boost the farmer's economy through district level ATMA agencies. Infrastructure development of agency, human resources development, skill up gradation of farmers and extension functionaries by ATMA, Giridih through training, exposure visit & motivation will help in bringing changes in the existing set up.

The present report highlights the activities of "ATMA", Giridih for the year 2019-20. Major emphasis of ATMA during the years has been :

- 1 Creating awareness among field functionaries and stakeholders through farmers oriented activities on agricultural extension management.
- 2 Strengthening Research Extension linkages through farmer's participatory approaches.
- 3 Bringing out publications for farmers & extension personnels.
- 4 Improving linkages between various institutions/ organizations.

Sincere and dedicated efforts of Sri Ramesh Kumar, I/C Deputy Project Director, ATMA, Giridih in all activities of ATMA is gratefully acknowledged.

Project Director  
ATMA, Giridih

# ABOUT GIRIDIH DISTRICT

## ABOUT GIRIDIH DISTRICT

Subject : **About Giridih District**

Giridih District, an administrative district of Jharkhand has its headquarters at Giridih. Giridih District was carved out from Hazaribagh District on 4th December, 1972. The district lies between 24 degree 11 minutes north latitude and 86 degree 18 minutes east longitude. Lying almost in the central part of the North Chota Nagpur Division, this district is bounded by Jamui District and part of Nawada district of Bihar in the north, by the districts of Deoghar and Jamtara on the east, by Dhanbad District and Bokaro District on the south and west by districts of Hazaribagh and Kodarma. Giridih District is spread over an area of 4853.56 sq km. The famous Parasnath hill is situated here and it is the highest peak of Jharkhand having altitude of 4431 feet above the sea-level. The district is also famous as a place of ruby mica and coal field. The famous Grand Trunk Road also passes through this district.

Subject : **History of Giridih District**

History of Giridih District is a part of the history of its parent district, Hazaribagh as well as also of the Chota Nagpur Plateau. The entire territory of Chhota Nagpur, known as Jharkhand was believed to be covered with inaccessible hills and forests. Though this region was in touch with many parts of India, yet the non-Aryan tribes who resided here had no king. The inhabitant of Chota Nagpur decided to elect a king due to regular foreign invaders and Mundas became the king of the state. As per the history of Giridih District, Chota Nagpur division including the district of Giridih appears to have remained unexploited. The succession of Akbar to the throne of Delhi in 1556 AD opens a new chapter in the history of Jharkhand. To the Mughal Emperors it was also known as Khukra. During that period, the region was first introduced as revenue administration of Mughal. The conquered provinces as they were then called were formed into a British district which comprised Ramgarh, Kendi, Kunda and Kharagdiha (which together constituted the old district of Hazaribagh comprising Giridih) and the whole of Palamu. Subsequent to the Kol rising in 1931 which, however, did not seriously affect Giridih, the administrative structure of the territory was, however, changed. These provinces became part of the Southwest Frontier Agency and were formed into a division named Hazaribagh, with Hazaribagh as the administrative headquarters. In 1854 the designation of the south-west Frontier Agency was changed to Chota Nagpur and it began to be administered as a Non-regulation Province under the Lieutenant Governor of Bihar.

## ABOUT GIRIDIH DISTRICT

### Subject : Geography of Giridih District

Geographically, Giridih District is broadly divided into two natural divisions, namely the central plateau and lower plateau. The central plateau touches the western portion of the district near Bagodar block. The lower plateaus have an average height of 1300 feet, their surface being undulating. In the north and north-west, the lower plateaus form fairly level tablelands until they reach the ghats when they drop to about 700 feet. The district comprises vast forests which are uniformly distributed. Sal is the most famous and predominant species of trees found here. Among other common species are bamboo, simul, mahua, palas, kusum, kend, asan piar and bhelwa. Giridih District is divided into two main water heads - Barakar and Sakri rivers. The district is rich in mineral resources and it has several large coal fields which contain one of the best qualities of metallurgical coal in India. Mica is found extensively in this district, which is of importance not only to Jharkhand but to India and other countries also. It is mostly found near the blocks Tisri and Gawan. The district contains a large portion of forested area which is distributed almost uniformly all over. Sal is the most famous and predominant species of trees in the jungles of the district. Among other common species are bamboo, khair (catechu), salai, simul, mahua, palas, kusum, kend, asan piar and bhelwa.

### Subject : Tourism in Giridih District

There are several popular tourist attractions in Giridih District. The sightseeing options offered by the district are simply worth visiting. The travellers visiting this district can also have an adventurous experience with the options available. The important tourist attractions of Giridih District are Usri Fall, Khandoli, Madhuban, Parasnath, Jharkhandi Dham and Harihar Dham. As per Census 2001, the total population of Giridih District is 19,01,564. The 13 community development blocks of Giridih District are Giridih, Gandey, Bengabad, Pirtand, Dumri, Bagodar, Sariya, Birni, Dhanwar, Jamua, Deori, Tisri and Gawan.

### Subject : River System

The district is divided into two main water heads viz the Barakar and the Sakri rivers. The Barakar rivers drains major portion of the district ,enters the district near the Birni block and also flows through certain portions of the pirtand block. The Sakri river touches the areas of Deori and Gawan blocks. These are a number of small rivers also in the district,the most important among them being Usri.

## ABOUT GIRIDIH DISTRICT

### Subject : Mines and Minerals

The District has been famous as the place of well known Ruby Mica and has several large coal fields which contain one of the best qualities of metallurgical coal in India. The extensive deposited of mica in this district are of importance not only to Jharkhand but to India and other countries also. It is mostly found near the block Tisri and Gawan.

The massif of Parasnath Hill consists mainly of a pyroxene bearing garnetiferous quartzite with felspathic gneisses near the base. Stealite of soap stone are also found to the west of Parasnath

### Subject : Flora and Fauna

The district contains large portion of forest area which distributed almost uniformly all over. Sal is the most famous and predominated species of trees in the jungles of the districts. Among other common species are bamboo, Khair, salai, mahua, simul, kusum, asan, kend, piar and bhelwa. In parasnath hill and its adjoining area, large no of medicinal plant were found. Many of them still exists in the Parasnath hill. Awala, Bhelwa and Hare - Bahera are found in huge quantity in the Parasnath hill. Leopards are most times seen in the jungle of district. Bears, jackals, foxes, pigs, hares, sambhar, spotted deer, hog deer etc are also found here. Snakes and lizards are quite common here. Different varieties of birds visit the district in the winter season only.

### Subject : Agriculture

Giridih district is a mainly rain fed prone district categorized under North east Plateau Zone (zone-4) and has basically agriculture oriented economy. It receives 1350 mm rainfall which is even distributed with shallow and poor soils. The district is scattered with hilly rocks.

Giridih district enjoys moderate climate through out the year. The year can be divided into 3 seasons. Winter Season is from December to February. The period from March to May constitutes the summer season and the kharif season is from June to November. Most of the rainfall received during the Southwest monsoon season is from June to October. The average rainfall of the district is 1350 m.m as against the state average of 1035.9mm.

The major crops of the district are cereals (Paddy, Maize, Maduwa, ) pulses ( Arhar, Mung, Urd, Chana, Kulthi, etc.) oil seeds (Til, Sarguja, Sarso, etc). The fruits are mango, tamarind, , guava & sarifa. Vegetables grown in the district are tomato, brinjal, cabbage, potato & chillies etc.) & flowers -marry gold, rose etc. .

## ABOUT GIRIDIH DISTRICT

The cultivation of Mulberry & rearing silk worm is being developed in Bengabad Block of the district.

In recent years, large area is being brought under perennial tree horticulture crops (Mango, Jack fruit etc.) forestry (Eucalyptus, Sagwan) for better returns. Thus the traditional rain fed agricultural lands are being brought under more remunerative Agro + Horticulture & Agro + Forestry systems.

## ATMA AT A GLANCE

### Support To State Extension Programmes For Extension Reforms (ATMA Scheme)

**INTRODUCTION: Extension Reforms in India were pilot tested in 28 Districts** in 7 States from 1998 to 2005. This successful experiment served as a basis to launch the Scheme “*Support to State Extension Programmes for Extension Reforms*” in the year 2005-06. It was revamped, expanded and strengthened comprehensively in the year 2010 & 2014. Coverage of the scheme was increased in a phased manner. It is currently operational in **676** districts.

The 12th Plan Approach Paper identifies several challenges faced by the agricultural extension and also gives suggestions to deal with the same. Some of these include integrating KrishiVigyan Kendra's (KVKs) problem solving skills and the feed-back they provide to State Agriculture Universities (SAUs) and National Agriculture Research System (NARS) with ATMA and strengthen district level planning; using technology to reach out to the farmers, raising capability of rural poor to conserve and manage their livestock and fisheries resources and derive sustainable incomes; link small farmers to markets; promote decentralized participatory research as well as knowledge intensive alternatives in rain-fed regions.

### AIMS and OBJECTIVES:

The Scheme 'Support to State Extension Programmes for Extension Reforms' aims at making extension system farmer driven and farmer accountable by disseminating technology to farmers through new institutional arrangements viz. Agricultural Technology Management Agency (ATMA) at district level to operationalize the extension reforms on a participatory mode.

#### **This Scheme shall focus on the following key extension reforms:**

- ◆ Encouraging multi-agency extension strategies involving Public/ Private Extension Service Providers.
- ◆ Ensuring an integrated, broad-based extension delivery mechanism consistent with farming system approach with a focus on bottom up planning process.
  - ◆ Adopting group approach to extension in line with the identified needs and requirements of the farmers in the form of CIGs & FIGs and consolidate them as Farmers Producer Organizations;
  - ◆ Facilitating convergence of farmer centric programmes in planning, execution and implementation.
  - ◆ Addressing gender concerns by mobilizing farm women into groups and providing training to them.

## ATMA AT A GLANCE

The above objectives shall be met through strengthened institutional arrangements, dedicated manpower, Innovative Technology Dissemination component and revamped strategy as described in para 2.3 below.

### STRATEGY

ATMA component will be implemented through the institutional mechanism as detailed below:

#### State Level:

The State Level Sanctioning Committee (SLSC) set up under Rashtriya Krishi Vikas Yojana (RKVY) is the apex body to approve State Extension Work Plan (SEWP), which will form a part of the State Agriculture Plan (SAP). In those cases where SLSC meeting cannot be held in time or there is any other administrative reason, SEWP can be approved by the **Executive Committee of SAME on the recommendation of Inter Departmental Working Group (IDWG)**.

The SLSC may be supported by the IDWG which is responsible for day-to-day coordination and management of the Scheme activities within the State. approach with a focus on bottom up planning process.

The State Nodal Cell (SNC), consisting of State Nodal officer, State Coordinator State Gender Coordinator and supporting staff will ensure timely receipt of District Agriculture Action Plans (DAAPs), formulation of State Extension Work Plan (SEWP) duly incorporating farmers' feedback obtained through State Farmer Advisory Committee (SFAC) and its approval by the SLSC.

The SNC will then convey the approval and monitor implementation of these work plans by State Agricultural Management & Extension Training Institutes (SAMETIs) and ATMAs. The SAMETIs will draw-up and execute an Annual Training Calendar for capacity building of the Extension Functionaries in the State. While doing so, the SAMETI will check duplication and overlapping of training content, training schedule, and trainees themselves.

#### District Level

ATMA is an autonomous institution set up at district level to ensure delivery of extension services to farmers. ATMA Governing Board is the apex body of ATMA which provides overall policy direction. ATMA Management Committee is the executive body looking after implementation of the scheme. District Farmers Advisory Committee is a body to provide farmers' feedback for district level planning and implementation. With dedicated staff provided for the ATMA, it will continue to be the district level nodal agency responsible for overall management of agriculture extension system within the district, including preparation of Strategic Research and Extension Plan (SREP)

#### District Level

The Block ATMA Cell consisting of Block Technology Team (BTT) (a team comprising officers of agriculture and other allied departments within the block) and Block Farmers' Advisory Committee (BFAC) (a group exclusively consisting of selected farmers of the block) will prepare the Block Action Plan (BAP) and provide necessary extension support within the Block in its execution.

## ATMA AT A GLANCE

### Village Level:

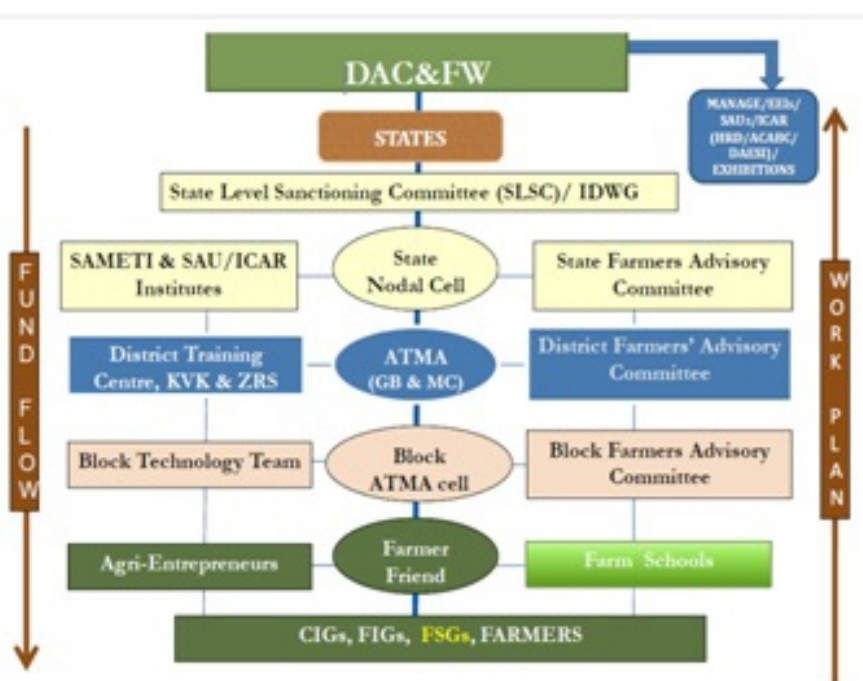

The Farmer Friend (FF) will serve as a vital link between extension system and farmers at village level (one for every two villages).

Agri-entrepreneurs, Diploma holders in Agricultural Extension Services for Input Dealers (DAESI), Input Dealers and extension workers in non-governmental sector will supplement the efforts of extension functionaries.

Commodity Interest Groups (CIGs), Farmer Interest Groups (FIGs) and Food Security Groups (FSGs) will serve as a nodal point for information & technology dissemination among its members.

Farm Schools will serve as a mechanism for farmer-to-farmer extension at every Block.

The organizational structure at various levels has been depicted in the following diagram:

The following Committees shall be set up at various levels.

‣ State Level:

- (i) Inter- Departmental Working Group (IDWG)
- (ii) SAMETI Executive Committee
- (iii) State Farmers Advisory Committee (SFAC)

‣ District Level:

- (i) ATMA Governing Board
- (ii) ATMA Management Committee
- (iii) District Farmers Advisory Committee (DFAC)

‣ Block Level:

- (i) Block Technology Team (BTT)
- (ii) Block Farmers Advisory Committee (BFAC)

## Monthly Progress Report On Implementation Of Extension Reforms (ATMA) Scheme 2019 - 20

**REVISED FORMAT FOR SUBMISSION OF MONTHLY/ ANNUAL PROGRESS REPORT ON THE IMPLEMENTATION OF EXTENSION REFORMS (ATMA) SCHEME MONTH – MARCH 2020**

1. Name of State/ District : **Jharkhand**
2. Name of ATMA Districts : **GIRIDIH**
3. No. of ATMA Blocks : **13**
4. Number of CSR Projects undertaken in State/ District
  - (a) Name of Business Entity/ Private Enterprise funded the project:
  - (b) Activity undertaken under CSR:
  - (c) No. of Beneficiaries :
  - (d) Total Expenditure made on CSR by Business Entity / Private Enterprise :
  - (e) Total Expenditure incurred on CSR :

**5. Meetings**

## SKILL TRAINING FOR RURAL YOUTH (STRY)

Skill Development of Rural Youth is a flagship scheme of the Government. The Ministry of Agriculture & Farmers Welfare, Govt. of India, in compliance with National Policy on Skill Development & Entrepreneurship 2015, has taken the initiative to implement the Skill Development Component, namely Skill Training of Rural Youth (STRY) & Farmers Capacity Assessment & Certification (FCAC) under Sub-Mission on Agricultural Extension (SAME) of National Mission on Agricultural Extension & Technology (NMAET) during 2015-16 and remaining period of XII Plan.

National Institute of Agriculture Extension Management (MANAGE), Ministry of Agriculture & Farmers Welfare at National level will coordinate this activity through SAMETIs established at State level.

The training activities will be implemented through SAMETIs at State level & coordinated through ATMA at District level. The SAMETI will organize the Certification process through the Vocational Training Institutions / Krishi Vigyan Kendras / Nehru Yuva Kendras etc.

## Diploma in Agricultural Extension Services for Input Dealers (DAESI)

Agri-Input Dealers in the country are a prime source of farm information to the farming community, besides the supply of inputs and credit. However, majority of these dealers do not have formal agricultural education. In order to build their technical competency in agriculture and to facilitate them to serve the farmers better and to act as para – extension professionals, National Institute of Agricultural Extension Management (MANAGE) has launched a self-financed “One-year Diploma in Agricultural Extension Services for Input Dealers (DAESI) Program” during the year 2003 with a course fee of Rs.20, 000/- to the input dealers. Due to positive impact of the program, Ministry of Agriculture & Farmers' Welfare, Government of India has decided to implement this program for Input dealers in all the States of the country.

The program will be implemented by MANAGE through State Agricultural Management and Extension Training Institutes (SAMETIs). The Department of Agriculture and Cooperation & Farmers' Welfare (DAC & FW), GoI, will subsidize the course fee (50%) to the extent of 10,000/- per Input dealer. However, where Agribusiness companies are involved, the company will contribute Rs.10, 000/- and the balance Rs.10, 000/- will be contributed equally by DAC and Input Dealer @ Rs.5000/- each.

The technical information is delivered through Contact Classes by Agricultural Experts & Practitioners at district level on Sundays or Market holidays for 48 days including field visits spread over a year. Details of program is available in the guidelines

### Mission

To transform practicing input dealers into para-extension professionals thereby strengthening the agricultural extension system so as to enable these input dealers to serve the farmers better.

### Objectives

- ◆ Orientation of input dealers on location-specific crop production technologies of broad-based agriculture with reference to field problems.
- ◆ Building the capacity of input dealers in efficient handling of Inputs.
- ◆ Impart knowledge about the laws governing regulation of agricultural Inputs.
- ◆ To make input dealers an effective source of farm information at the village level (one stop shop) for the farmers.
